EXAMINER'S COMMENT

Response to Arguments

1. Applicant's arguments, see Remarks, filed September 17, 2010, with respect to the rejection of independent claim 21 under 35 U.S.C. 102 have been fully considered and are persuasive. The rejection of claim 21 under 35 U.S.C. 102 has been withdrawn.

Election/Restrictions

2. Claim 21 is directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claims 2-4, 6, 8, 9, 11-15, 17-20 and 25-33 directed to a species previously withdrawn from consideration as a result of an election of species requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action mailed on July 20, 2006 is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Information Disclosure Statement

3. The information disclosure statement (IDS) submitted on March 18, 2010 was filed after the mailing date of the non-final action on March 17, 2010. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Allowed Claims

4. Claims 2-4, 6, 8-15, 17-22, 24-28 and 30-47 are allowed.

REASONS FOR ALLOWANCE

5. The following is an examiner's statement of reasons for allowance: The applicant amended independent claim 21 to recite a non-inflatable wound cover member. The closest prior art of record, the Zhu reference (CA 2,274,066 A), clearly discloses a wound cover member that is a balloon and that the balloon must be inflated for the wound cover member to perform its intended function of sealing a vascular puncture. Thus any modification to the Zhu device to meet the limitation of a non-inflatable wound cover member would render the device unsatisfactory for its intended purpose. Therefore, one of ordinary skill in the art would not be motivated to modify the Zhu device to meet this limitation and in light of this Zhu neither discloses nor fairly suggests a non-inflatable wound cover member. Claims 2-4, 6, 8-15, 17-20, 22, 24-28 and 30-47 depend directly or ultimately from claim 21 and are thus also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
